- (c) **Closing of Abandoned Excavations.** Any excavation for building purposes or any uncovered foundation which shall remain open for more than three (3) months shall be deemed abandoned and a nuisance and the Building Inspector shall order that unless the erection of the building or structure on the excavation or foundation shall commence or continue forthwith suitable safeguards shall be provided to prevent accidental injury to children or other frequenters or that the excavation or foundation be filled to grade. Such order shall be served upon the owner of record or the owner's agent, where an agent is in

Such time shall be not less than fourteen (14) nor more than twenty (20) days after service. If the owner of the land fails to comply with the order within the time required, the Building Inspector shall cause the excavation or foundation to be filled to grade. The cost of such abatement shall be charged against the real estate and entered on the next succeeding tax roll as a special charge and shall bear interest at a rate established by the Town Board from the date of the report by the Building Inspector on the cost thereof, pursuant to the provisions of Sec. 66.0703, Wis. Sec. 15-1-13 Regulations for Moving Buildings

- (a) **General Requirements.**
- (1) No person shall move any building or structure upon any of the public ways of the Town without first obtaining a permit therefore from the Permit Issuer and upon the payment of the required fee. Every such permit issued by the Permit Issuer for the moving of a building shall designate the route to be taken, the conditions to be complied with and shall limit the time during which said moving operations shall be continued.
 - (2) The party moving the building shall notify the Town at least 48 hours before the move commences. A representative of the Town shall perform a pre-move and post move inspection of the route. A representative of the Town shall escort the move. An hourly fee will be charged for the escort. A report shall be made by Town employees with regard to possible damage to trees. The estimated cost of trimming, removal and replacement of public trees, as determined by the Town, shall be paid to the Town Clerk prior to issuance of the moving permit.
 - (3) Issuance of moving permit shall further be conditioned on approval of the moving route by the Town Board.
- (b) **Moving Damaged Buildings.** No building shall be repaired, altered or moved within or into the Town that has deteriorated or has been damaged by any cause (including such moving and separation from its foundation and service connections in case of moved buildings) fifty percent (50%) or more of its equalized value and no permit shall be granted to repair, alter or move such building within or into the Town. Furthermore, if the equalized assessed value of the building is not within twenty percent (20%) of the surrounding buildings where the building is proposed to be moved to, no permit shall be granted unless the building is improved to be within the twenty percent (20%). Such determination shall be made by the Building Inspector, who may seek a recommendation from the Town Assessor.
- (c) **Continuous Movement.** The movement of buildings shall be a continuous operation during all the hours of the day and at night, until such movement is fully completed. All such operations shall be performed with the least possible obstruction to thoroughfares. No building shall be allowed to remain overnight upon any street crossing or intersection or so near thereto as to prevent easy access to any fire hydrant or any other public facility. Lights shall be kept in conspicuous places at each end of the building during the night.
- (d) **Street Repair.** Every person receiving a permit to move a building shall, within one (1) day after said building reaches its destination, report that fact to the Building Inspector, inspect the streets, highways and curbs and gutters over which said building

has been moved and ascertain their condition. If the removal of said building has caused any damage to any street or highway, the person to whom the permit was issued shall forthwith place them in as good repair as they were before the permit was granted. On the failure of the said permittee to do so within ten (10) days thereafter to the satisfaction of the Town Board, the Town shall repair the damage done to such streets and hold the person obtaining such permit and the sureties on his bond responsible for the payment of same.

- (e) **Conformance with Code.** No permit shall be issued to move a building within or into the Town and to establish it upon a location within the said Town until the Building Inspector has made an investigation of such building at the location from which it is to be moved and is satisfied from such investigation that said building is in a sound and stable condition and of such construction that it will meet the requirements of this Building Code in all respects. A complete plan of all further repairs, improvements and remodeling with reference to such building shall be submitted to the Building Inspector, and he shall make a finding of fact to the effect that all such repairs, improvements and remodeling are in conformity with the requirements of this Building Code and that, when the same are completed, the building as such will so comply with said Building Code. In the event a building is to be moved from the Town to some point outside the boundaries thereof, the provisions with respect to the furnishing of plans and specifications for proposed alterations to such building may be disregarded.
- (f) **Bond.**
- (1) Before a permit is issued to move any building over any public way in the Town, the party moving the structure shall provide a bond to the Town of Taycheedah in a sum to be fixed by the Building Inspector and which shall not be less than Five Thousand Dollars (\$5,000.00), said bond to be executed by a corporate surety or two (2) personal sureties to be approved by the Town Board or designated agent conditioned upon, among other things, the indemnification to the Town for any costs or expenses incurred by it in connection with any claims for damages to any persons or property, and the payment of any judgment together with the costs and expenses incurred by the Town in connection therewith arising out of the removal of the building for which the permit is issued. The party applying for the permit shall also provide a bond in the amount of Five Hundred Dollars (\$500.00).
 - (2) Unless the Building Inspector, upon investigation, shall find it to be a fact that the excavation exposed by the removal of such building from its foundation shall not be so close to a public thoroughfare as to permit the accidental falling therein of travelers or the location, nature and physical characteristics of the premises and the exposed excavation, such as to make intrusion upon the premises and the falling into such excavation of children under twelve (12) years of age unlikely, the bond required by Subsection (e)(1) shall be further conditioned upon the permittee erecting adequate barriers and within forty-eight (48) hours, filling in such excavation or adopting and employing such other means, devices or methods approved by the Building Inspector and reasonably adopted or calculated to prevent the occurrences set forth herein.
- (g) **Insurance.** The Permit Issuer shall require, in addition to the said bond above indicated, public liability insurance covering injury to one (1) person in the sum of not less than Five Hundred Thousand Dollars (\$500,000.00) and for one (1) accident, aggregate not less than One Million Dollars (\$1,000,000), together with property damage insurance in a sum not less than Five Hundred Thousand Dollars (\$500,000.00), or such other coverage as deemed necessary.

(h) **Town Board Approval.**

- (1) No such permit shall be issued unless it has been found as a fact by the Town Board by at least a majority vote, after an examination of the application for the permit which shall include exterior elevations of the building and accurate photographs of all sides and views of the same and in case it is proposed to alter the exterior of said building, plans and specifications of such proposed alterations and after a view of the building proposed to be moved and of the site at which it is to be located, that the exterior architectural appeal and functional plans of the building to be moved or moved and altered, will not be so at variance with either the exterior architectural appeal and functional plan of the buildings already constructed or in the course of construction in the immediate neighborhood or in the character of the applicable district established by the zoning ordinances of the Town or any ordinance amendatory thereof or supplementary thereto, as to cause a substantial depreciation of the property values of said neighborhood within said applicable district. In case the applicant proposed to alter the exterior of said building after moving the same, he/she shall submit, with his/her application papers, complete plans and specifications for the proposed alterations. Before a permit shall be issued for a building to be moved and altered, the applicant shall give a cash bond to the Town Board, which shall not be less than Five Thousand Dollars (\$5,000.00) to be executed in the manner provided in subsection hereof to the effect that he will, within a time to be set by the Town Board, complete the proposed exterior alterations to said building in the manner set forth in his/her plans and specifications. This bond shall be in addition to any other bond or surety which may be required by other applicable ordinances of the Town. No occupancy permit shall be issued for said building until the exterior alterations proposed to be made have been completed.
- (2) Upon application being made to the Building Inspector, he/she shall request a meeting of the Town Board to consider application for moving permits which he/she has found comply, in all respects, with all other ordinances of the Town. The Town Board may, if it desires, hear the applicant for the moving permit in question and/or the owner of the lot on which it is proposed to locate the building in question, together with any other persons, either residents or property owners, desiring to be heard, give such notice of hearing as they may deem sufficient. Such hearing may be adjourned for a reasonable length of time and within forty-eight (48) hours after the close of the hearing, the Town Board shall, in writing, make or refuse to make the finding required by Subsection (8) hereof and file it in the office of Town Clerk who shall send a copy of it to the Building Inspector.

 - (a) The Occupancy Bond shall be refunded upon completion of a Certificate of Occupancy. The Building Inspector, Electrical Inspector and Plumbing

Inspector upon completion of final inspections must sign the Certificate of Occupancy. The Occupancy Bond will be forfeited to the Town of Taycheedah if occupancy is taken prior to the issuance of a Certificate of Occupancy.

- (b) Temporary Occupancy Certificate may be issued by the Building Inspector upon the owner's written request. However, a fee, as determined by resolution of the Town board, will be assessed monthly, for every full or portion of a month, to the owner/contractor until such time as all aspects of construction are complete, the final inspections are complete and the inspectors sign, date and issue a Certificate of Occupancy.
- (2) **Performance Bond.** A Performance Bond shall be paid when applying for a permit that requires any general construction, electrical and/or plumbing inspections, as determined by the Permit Issuer and/or Building Inspector. The Performance Bond will be refunded upon submission, to the Town Clerk, of the applicable inspector's signed statement on the reverse side of the building permit. Failure to have all required inspections completed prior to the expiration of the permit will result in a forfeiture of the entire bond to the Town of Taycheedah.

Sec. 15-1-15 Severability

If any section, clause, provision or portion of this Chapter, or of the Wisconsin Administrative Code adopted by reference, is adjudged unconstitutional or invalid by a court of competent jurisdiction, the remaining provisions shall not be affected.

Sec. 15-1-16 Penalties and Violations

- (a) Any building or structure hereafter erected, enlarged, altered or repaired or any use hereafter established in violation of the provisions of this Chapter shall be deemed an unlawful building, structure or use. The Building Inspector shall promptly report all such violations to the Town Board and Town Attorney who shall bring an action to enjoin the erection, enlargement, alteration, repair or moving of such building or structure or the establishment of such use of buildings in violation of this Chapter or to cause such building, structure or use to be removed and may also be subject to a penalty as provided in general penalty provisions of the Code of Ordinances. In any such action, the fact that a permit was issued shall not constitute a defense, nor shall any error, oversight or dereliction of duty on the part of the Building Inspector or other Town officials constitute a defense. Compliance with the provisions of this Chapter may also be enforced by injunctive order at the suit of the owner or owners of any real estate within the jurisdiction of this Chapter.
- (b)
 - (1) If an inspection reveals a noncompliance with this Chapter or the Uniform Dwelling Code, the Building Inspector shall notify the applicant and the owner, in writing, of the violation to be corrected. All cited violations shall be corrected within five (5) days after written notification unless an extension of time is granted pursuant to COMM 20.21, Wis. Adm. Code.
 - (2) If, after written notification, the violation is not corrected within five (5) days, a stop-work order may be served on the owner or his or her representative and a copy thereof shall be posted at the construction site. Such stop-work order shall not be removed except by written notice of the Building Inspector after satisfactory evidence has been supplied that the cited violation has been corrected.
 - (3) Each day each violation continues after the five (5) day written notice period has run shall constitute a separate offense. Nothing in this Chapter shall preclude the Town

from maintaining any appropriate action to prevent or remove a violation of any provision of this Chapter or the Uniform Dwelling Code.

- (4) If any construction or work governed by the provisions of this Chapter or the Uniform Dwelling Code is commenced prior to the issuance of a permit, double fees shall be charged.
- (c) Any person feeling aggrieved by an order or a determination of the Building Inspector may appeal from such order or determination to the Board of Appeals. Those procedures customarily used to effectuate an appeal to the Board of Appeals shall apply.
- (d) Except as may otherwise be provided by the Statute or Ordinance, no officer, agent or employee of the Town of Taycheedah charged with the enforcement of this Chapter shall render himself personally liable for any damage that may accrue to persons or property as a result of any act required or permitted in the discharge of his duties under this Chapter. Any suit brought against any officer, agent or employee of the Town as a result of any act required or permitted in the discharge of his duties under this Chapter shall be defended by the legal representative of the Town until the final determination of the proceedings therein.
